Dallas, Texas

November, 1952.

USDA CLUB OF DALLAS, TEXAS

The USDA Club of Dallas was organized in 1940 and represents all of the personnel of all of the Department of Agriculture agencies and bureaus and Governmental organizations operating under the supervision of the Secretary of the Department of Agriculture, with offices in Dallas, Texas.

Purpose of the Club

The by-laws of the Club provide the following objectives:

- (1) To promote employee welfare
- (2) To develop personal acquaintance among employees
- (3) To stimulate training and education of employees
- (4) To increase knowledge of the work of the Department
- (5) To provide a channel through which the many activities of the Department may be informally correlated in behalf of the best possible service to the public and through which the services of the Department may be interpreted to the public.

REPORT FROM THE PRESIDENT

In reporting on the activities of the USDA Club of Dallas, I extend my sincere thanks to the officers and directors of the Club and to the Chairmen and members of the various committees who have given so generously of their time and efforts.

I believe the USDA Club has faithfully served the employees of the Department through its efforts to provide ample employee welfare by the securing of discounts on articles purchased; by its social meetings of the entire membership in the form of dinners held throughout the year; and by the special meetings held to hear addresses by prominent Washington officials and others prominent in the field of Agriculture. Our members have been stimulated by the numerous educational programs, which have been of great benefit both to individuals and to the Department. The USDA Club has been a channel through which information has been given to the public, with the result that our employees are being held in high regard throughout the Dallas area.

A partial listing of the activities of our committees is as follows:

The work of the Certificate of Merit Committee is an annual activity. Plans are being formulated for the presentation of a Certificate of Merit to the employee who has made the most outstanding contribution to the USDA Club during the year 1952.

The Employee Welfare Committee has been active throughout the year in arranging for discount prices on a vast majority of articles. These discounts, ranging from 5% to 25% on many items, included the securing of an entertainment coupon book at a very low cost. The committee is now in the process of obtaining discounts for Christmas candies. Continual study is being made of the insurance program.

Publication of this directory of USDA employees in the Dallas area, including a compilation of the agencies and bureaus of the Department, is through the efforts of the Work of the Department Committee, who also have successively chosen nine Honor Members of the Month thus far. A narrative of the accomplishments of each chosen "Honor Member of the Month" has been published in the USDA Club News, which is published monthly and contains information concerning the programs of the Department, activities of its employees and other material of interest.

Our Training and Education Committee cooperated with Southern Methodist University in securing data from our membership as to any special night courses and subjects not being offered at present that might be included by the school.

A meeting of all our membership was held for the purpose of hearing an address by the Secretary of Agriculture, and two successful dinners have been held under the sponsorship of the Committee on Personal Acquaintance and Arrangements.

The Correlation and Public Service Committee has served as an information source to the Editor of the USDA Club News with many worthwhile contributions which have made the USDA Club News a most helpful and informative publication for USDA employees.

Numerous employees of the Department here in Dallas have graciously given of their time and efforts although not members of any committee. I extend my thanks to these members in particular and to all the members collectively, since it is only through the cooperation of our fellow workers that we are able to make the USDA Club a success.

John W. Bolish
President
USDA Club of Dallas

OFFICERS OF USDA CLUB, DALLAS CHAPTER - 1952

President	John W. Bolish	PMA, Area Personnel
1st Vice President	Max W. Ulery	FHA, Area Admin. Services
